MINI-EXCAVATORS

The latest Komatsu MR-5 mini-excavators are packed full of outstanding and improved features. This new generation introduces many industry firsts to the European market: it further harnesses Komatsu's unrivalled technological knowhow to bring industry-leading customer values to the mini-excavator sector.

MINI-EXCAVATORS

Remarkably versatile, Komatsu's mini-excavators are compact, light, and powerful. They can work anywhere, particularly in tight spaces. Perfectly suited to both end-users and rental companies, these machines offer first-class comfort and controllability to the experienced and the novice operator alike.

MIDI-EXCAVATORS

Komatsu created midi-excavators as the perfect compromise between the compactness and manoeuvrability of mini-excavators and the power of larger earthmoving machines.

MIDI-EXCAVATORS

Komatsu's crawler and wheeled midi excavators are specifically designed to work in tight spaces and hard-to-reach areas. With special features and options, these multipurpose machines are equipped with a swing offset boom and can be supplied in customised configurations.
